to be delivered as per the delivery schedule specified in VI section of the bid document.

3. The terms of purchase will read as follows:

• CFR Liner out free on truck bulk fertilizer to be bagged at the port of unloading at the supplier’s cost in two option:

1) No restriction on carrier nomination (Free Carrier).

2) Ethiopian Shipping & Logistics Service Enterprise.

4. Bidders may bid for one or more or all of the lots specified in section VI schedule of requirements of this bidding document. Bids will be evaluated on lot-by-lot bases. Contract award for the respective lot will be on the basis of the lowest evaluated, responsive (including responsiveness to the specified delivery period, which is critical) and qualified bidder for that lot. This post qualification assessment also takes into consideration verifying whether the lowest evaluated and responsive bidder has indeed the capability to execute the subject lot together with other lots that it has succeeded to be the lowest evaluated and responsive bidder. If the lowest evaluated and responsive bidder for a lot does not fulfill the qualification requirements as discussed above, then the same post qualification assessment will continue for the second lowest evaluated and responsive bidder for that lot. If the second lowest evaluated and responsive bidder is not qualified,

the assessment process continues with the third lowest evaluated and responsive bidder
etc

5. Interested eligible bidders may obtain further information from and inspect the
bidding documents at the office
6. A complete set of bidding documents may be purchased by the interested
eligible bidders on the submission of a written application to the above and upon
payment of a Non refundable fee of Birr 300 or equivalent in any currency,

7. Pursuant to Clause 9, (Section II) the Bidder shall furnish, as part of its bid, a bid
security in US dollars or in a freely convertible currency widely used in international
trade equivalent to the amount of one US dollar for each ton of the fertilizer mentioning
the corresponding lot number quoted in it’s bid.

8. All bids, must be delivered at the following address: Ethiopian Agricultural Business
Corporation, Agricultural Inputs Supply Akaki - Kality Sub – city, Kebele 12/13 on
or before 10:00 A.M on September 22/2016 and must be accompanied by

Tender No.  P1 48850

Description

The Federal Democratic Republic of Ethiopia (FDRE) has received financing from the World Bank towards the cost of the Ethiopia Expressway Development Support Project; and it intends to apply part of the proceeds to deployment of Intelligent Transportation Systems (ITS) for the Modjo-Hawassa Highway Project.
The aim is to install and integrate cost effective and applicable ITS systems with traffic control and management centers in order to enhance traffic safety, mobility, efficiency and reliable access to travelers on the new Highway.

The newly planned Modjo-Hawassa Highway will stretch approximately 202.5 Km. It extends from the newly built Addis Ababa-Adama Expressway from Modjo town and extends to Hawassa Town, a fast growing metropolitan center in Southern Ethiopia. The new Highway will pass through several growing urban centers; serve a proposed industrial zone and a highly productive farming region as well as several popular tourist sites and attractions in the southern and south western part of the country. The Modjo-Hawassa Highway is also part of the newly planned Trans-African Highway, stretching North-South i.e. from Cairo to Cape Town.

Internationally Experienced Consultants in the ITS areas mentioned below under Tasks, including Planning, Design and Supervision services are sought by the client i.e. Ethiopian Road Authority (ERA) of the Federal Democratic Republic of Ethiopia (FDRE). ITS Consultants may submit their Expression of Interest in either the Planning, Design, Supervision or the other services. However, consultants with strong experiences and expertise in all of the areas of services (including Planning, Design & Supervision) are desired. For the purpose of the Modjo-Hawassa ITS project, consultants are welcome to form a joint entity, as a prime consultant and sub consultants to submit their Expression of Interest, preferably to perform all of the Tasks and Services (including ITS Planning, Design and Supervision).

The ITS Consulting Tasks to be fulfilled & Service sought includes but not limited to the following:

(i) Planning- Task A: Develop, Finalize & Deliver a National ITS Strategic Planning Document, along with National ITS Architecture and Regional ITS Architecture Frameworks; which will serve as a road map and a guide for Planning, Design, Coordination and System Integration of major ITS Projects in the country; including the
new Modjo-Hawassa· Highway ITS Project, the operational Addis-Adama· ITS Systems, and the planned ITS Systems and Traffic Operations Center (TOC) for the City of Addis Ababa.

(ii) Planning·Task·B: Develop, Finalize & Deliver ITS Project Planning Documents for Modjo-Hawassa·ITS: including Systems Engineering for ITS Final Documents such as ITS Needs Assessment, Concept of Operations, ITS Project Architectures, Systems integration Requirements, System Acceptance Testing (SAT), Operations & Maintenance; and all other Project relevant Documents. The Project ITS Architecture needs to be developed in coordination with and be consistent with the National and Regional (Corridor-Wide) ITS Architectures to be submitted under Planning·Task·A.

(iii) Design·Task·A: Develop, Finalize & Deliver Design Documents for Infrastructure (Power & Communications Networks) deployment, which will support the ITS Systems and the Traffic Operations Center (TOC) for Modjo-Hawassa Highway. This Task includes Fiber Optic Network Design for Installation and Integration, along with its Testing, Training, Operation & Maintenance Requirements and needs, clearly shown in the Final Plans.

(iv) Design·Task·B: Develop, Finalize & Deliver Design Documents for ITS field devices, Sub·Systems and Systems of the Modjo-Hawassa Highway that will be ready for Installation and Integration, including at the Traffic Operations Center (TOC). The Final Design for ITS Systems and the TOC must include Power & Communications Networks, System interfaces, Testing, Training, as well as Operations & Maintenance Plans. In addition, the ITS Systems Design must include architectural interfaces and Center-to-Center links of the Modjo-Hawassa Highway TOC, with the newly opened Addis-Adama Highway ITS Systems and TOC as well as the planned City of Addis Ababa TOC.

(v) Procurement Support Services: Develop, prepare and finalize the bid documents and assist the client (ERA) in the evaluation, selection and procurement of vendor (s) and/or the Systems Integrator for the installation, commissioning and integration of ITS systems and the TOC.
vi. Supervision Tasks: Provide Construction Support, Monitoring and Supervision Service including for equipment purchase, installation and system integration (hardware/software and power/communication); which will be performed by the vendors and system integrator in the Modjo-Hawassa-ITS project. This includes supervision of System Acceptance Testing (SAT) and checking all final Deliverables.

(vii) Identify gaps on the existing Addis-Adama Highway ITS systems or the “missing” critical items to make the operational ITS Systems and the TOC in line, and effectively interface with the newly planned Modjo-Hawassa Highway ITS Systems and the TOC: The consultant is expected to recommend ways to close the gaps, and establish a “seamless” traffic operations and management system in the Addis-Adama-Modjo-Hawassa transportation corridor, in line with the planned National and Regional ITS Architecture frameworks.

Note: The client, Ethiopian Road Authority (ERA) reserves the right to package the procurement in different ways, as its sees fit, depending on the response received from this Expression of Interest. (For instance, the Fiber Network Design, Installation and integration may be separately procured from the ITS Systems and TOC Design).

The entire assignment is expected to be completed within a period of 42 (forty two) months after contract signing: i.e. 18 months for Phase I Services (Planning & Design) and 24 months for phase II services (Supervision), which will commence after finalization of the procurement process of the contract or at the commencement of the systems installation and integration contract. However, continuation of Phase II assignment by the same firm is subject to satisfactory completion of Phase I as will be determined by the Client.

The Ethiopian Roads Authority, representing the FDRE, now invites eligible consulting firms (“Consultants”) to indicate their interest in providing the Services.

Interested Consultants must provide information demonstrating that they have the required qualifications and relevant experience for a minimum of seven years to perform
the Services. The following criteria will be used to assess the Expression of Interest documents:

- Eligibility,

- Company establishment, number and diversity of permanent personnel related to the service,

Background and experiences of key personnel in the company, who will be assigned key responsibilities in the Modjo-Hawassa Highway ITS Project including those responsible to the position or equivalent to Supervising Executive, Project Manager and ITS Systems and Fiber Communications Designer shall be listed with their CVs (resumes) in the submittals,

- General Experience: International experiences in the ITS field including but not limited to developing and implementing Systems Engineering for ITS; ITS Strategic Planning; ITS Architectures development; experience in national ITS strategic planning, Fiber Networks Design and ITS Systems Design; installation, integration and testing experiences both in fiber networks and ITS Systems for at least for seven years,

In addition, the Consultants are required to have strong experience and expertise in evaluating and analyzing gaps in an existing ITS network; evaluating and analyzing the cost-benefits of alternate ITS systems, including potential risks. A strong experience with international track record in supervising ITS System Integrators or vendor(s) and managing complex ITS projects of similar size and scope is critical.

- Specific Experience: Valid and strong references of completed ITS projects minimum in the last seven years along with their owners and clients is required for submission,

- Familiarity, Knowledge and Experience in transportation infrastructure development
in the region (in Ethiopia and other Sub Sahara Countries) is an advantage, but not mandatory.

The attention of interested Consultants is drawn to paragraph 1.9 of the World Bank’s Guidelines: Selections and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World bank Borrowers, (January, 2011) (Revised July 2014) (“Consultant Guidelines”), setting forth the World Bank’s policy on conflict of interest. Consultants may associate with other firms in the form of a joint venture or a sub consultancy to enhance their qualifications. Consultants are advised to specifically indicate the type of association in their application.

A Consultant will be selected in accordance with the Quality and Cost Based selection method set out in the above mentioned Consultants Selection Guidelines.

Further information can be obtained at the address below during office hours from 09:00 AM to 12:30 AM hours and from 2:00 PM to 5:00 PM hours, Mondays to Thursdays and 09:00 AM to 11:30 AM and 2:00 PM to 5:00 PM hours on Fridays.

Expressions of interest must be delivered in three (3) hard copies or electronically to the address below (in person, or by mail) on or before September 30, 2016. Please note that the number of pages of the Expression of Interest document shall not be more than 50 (fifty) pages.

5. If a bidder is awarded and/or recommended for award of any works contract/s by ERA since March 01, 2016 inclusive, the qualification criteria for the construction turnover will be the aggregate of the criteria of the subject project; and that of the awarded contract/s and/or those recommended to be awarded. A detailed qualification criteria is stated in the respective bidding documents.

6. Interested eligible bidders may obtain further information from and inspect the bidding documents at the address given below from 8:30 a.m. to 12:30 a.m. and 1:30 p.m. to 5:30 p.m. local time from Monday to Thursday, and 8:30 to 11:30 a.m. and 1:30 p.m. to 5:30 p.m. local time on Friday.

A complete set of bidding documents prepared in English language may be purchased by interested bidders on the submission of a written application to the address below and a
nonrefundable fee of ETB 750 or USD 40 for each project, effective as of August 30, 2016. The method of payment shall be in cash or direct deposit to ERA’s account in the Commercial Bank of Ethiopia - Sengatera Branch through Account No. 01 71 5-331 44600. Address: Ethiopian Roads Authority, Engineering Procurement Directorate, 2nd floor, Room No. 208, Tel: 251-11-551 50 02.

7. Bidders can apply for one or for all or for any number of projects from the above listed projects under package four and shall submit their bid separately for each project they are interested to apply for. However, bidder may be awarded on the projects under a package subjected to fulfilling of the Qualification Criteria for individual and multiple projects specified in the respective bidding documents based on the Employer’s best economical advantage.

8. Bidder shall submit their Bids in two envelopes, the first envelop labeled as “Qualification Information and Bid Security” and the second envelope “Financial Bid”, separate sealed and the two envelopes sealed in on other outer envelope.

9. Evaluation is to be carried out in two stages, Qualification Information first and Financial Bids of qualified Bidders next.

10. Bids must be delivered to the address, time and date specified below. All bids must be accompanied by a bid security of ETB 500,000.00 for each project. Late bids will be rejected. One Original and five Copies of the bids have to be submitted. The Qualification information and Bid Security will be opened immediately after the submission deadline in the presence of bidders’ representatives who choose to attend, at the address below.

11. The value of total certified payments received in each year shall be adjusted for inflation of Birr value through multiplying by Cn/Co factor, where Cn is value of 1 US Dollar in Birr on the 28 day prior to bid submission date and Co is the value of 1 US Dollar in Birr computed using the exchange rate prevailing on the last date of the
respective fiscal year.

12. For the Specific construction projects experience requirement, the Contract value of projects referenced by the bidder shall be adjusted to reflect the current purchasing power of Ethiopian Birr by multiplying with Cn/Co factor, where Cn is the current selling exchange rate of 1 US Dollar to Ethiopian Birr which is taken at the 28th days prior to bid submission date and Co is the selling exchange rate of 1 US Dollar to Ethiopian Birr at the date of signing the contract.

13. Bids must be delivered to the address below on or before October 14, 2016 at 2:30 P.M.

14. The Ethiopian Roads Authority reserves the right to accept or reject any or all bids.
Harari Region Water Supply & Sewerage Authority invites bidders for the design and building of water declassification plant at Dire Dawa pump station one

Document Price: Birr 500.00

Tender Bond: USD 200,000.00

Sector/Product: Cloud infrastructure

Buyer: Ministry of Education
Attention: Tadesse Meressa
Procurement Service and Administration Directorate
Room No. 107 Old Building
P.O. Box: 1367, Tel: +251-11-1565558 or 553133 Ext. 247, Fax: +251-11-1570686
E-mail: tad.tesfa@gmail.com, Addis Ababa, Ethiopia

Tender No.: MoE/GEQIP-2/ICB/G-24/13R

Description:
1. This invitation for Bids follows the General Procurement Notice (GPN) for the program that appeared in UN Development Business online, issue no. WB3002-06/14 of June 6 2014.
2. The Federal Democratic Republic of Ethiopia has received financing from the World Bank toward the cost of the General Education Quality Improvement Project Phase Two (GEQIP-II), and intends to apply part of the proceeds toward payments under the contract for Supply, Implementation and Commissioning of Educational Private Cloud Infrastructure and Services for 300 Secondary Schools & 10 Universities on turnkey basis. This Contract will be jointly financed by the Global Partnership for Education (GPE), UK Department of International Development (DFID), Italian Development Cooperation, Finland Ministry of Foreign Affairs, Government of Norway and US Agency for International Development (USAID). Procurement process will be governed by the World Bank’s Procurement Regulations.

3. The Ministry of Education of the Federal Democratic Republic of Ethiopia now invites sealed Bids from eligible Bidders for Supply and Implementation and Commissioning of Educational Private Cloud Infrastructure and Services for 300 Secondary Schools and 10 Universities on turnkey basis Scope of the work includes:

- Design a best in class educational both distributed and Central private cloud solution that can be scaled nationally and can accommodate any e-learning platform as well any interactive digital content, which is going to be implemented on an independent component.
- Develop a phased implementation plan:
- Supply all required hardware and software for the education private cloud solution.
- Install and integrate the various components for the education private cloud at the central and school levels, while leveraging School Net network and Center for Educational ICT (CEICT) Data Center.
- Test and commission equipment and software after installation;
- Conduct a thorough series of technical training programs for CEICT and regional technical staff;
- Provide three years' maintenance services and support along with an additional 1 year post-warranty support on all commissioned infrastructure;
- Deliver documentation on design, implementation, testing, maintenance, and manufacturer information on all equipment and software. Key high-level responsibilities expected from the supplier include:

1. Project Management: A competence in determining how teams work together, developing work plans and coordinating between multiple stakeholders within the Government of Ethiopia and donor partners will be essential. An ability to manage every staff from the supplier and holding accountability to the work they do is a must.

2. System Architecture & Design: The complexity of the program makes the need for an expertise in system architecture crucial. The supplier will need to be able to deeply understand every element of the solution and translate them into a high level functional framework that is sustainable, efficient and cost-effective. The design component of the project will require deep competency in hardware, software, and network administration.

3. Supply of hardware and software: Since MoE expect procurement to be conducted by the supplier, it is paramount that the supplier is effective in identifying, negotiating, and delivering every piece of hardware, software, and cabling to CEICT and schools in a predetermined time frame. This will require knowledge in international procurement as well as procurement and logistics into Ethiopia.

4. Hardware Engineering: A major component of this program is physical installation of hardware into CEICT and schools. The supplier, apart from conceptual design, will be required to staff engineers that have the required capability to translate systems design and requirements into physical installations. The engineers are also expected to have prior experience in installing servers, thin client terminals, local area networks, and basic infrastructure (i.e. wall-mount air conditioners).

5. Training: In an effort to build local capacity amongst its staff, CEICT and the MoE are
placing heavy emphasis in training its engineers and developers in everything implemented by the supplier. The supplier will need to take the responsibility to provide detailed and effective training programs that will provide engineers and developers with the required skill and knowledge to administer and manage the infrastructure and solutions on their own. Responsibilities on this front will include detailed implementation and manufacturer documentations, workshops, and a training curriculum/manual.

6. Support: After the conclusion of implementation, MoE expect superior after-sale service from the supplier. Aside from customer service, the supplier should staff a support team technically competent enough to address questions or issues that may arise from CEICT. In the supplier’s proposal, a description of the type of support service provided should be explained. (Detailed information indicated Section VII (Technical Requirement) of the bid document) Bidders are required to meet the following minimum qualification criteria

- Must have seven years’ experience involving hardware delivery, installation and support, for similar projects.

- Must be able to provide in-country support for the software and equipment being tendered. Bidders entirely from outside Ethiopia must demonstrate their capabilities for providing effective in-country support.

- Must have undertaken at least three (3) successful (i.e. signed off and accepted as a fully operational system) implementations of the proposed cloud solution with a similar nature and complexity irrespective of the value as a prime supplier or joint venture member with minimum value of US$ 10 million during the last 5 years.

- The bidder must be financially stable, with a minimum average annual turnover of forty-four million United States Dollars (US$ 44,000,000.00), calculated as total certified payments received for contracts in progress or completed, within the last three
In case of a Joint Venture, the turn over requirement should be fulfilled jointly by the partners as per the details indicated in the Request for bid document.

Bidders must have capacity to have a cash flow amount of US$ seven million five hundred thousand ($7,500,000.00) or equivalent. As a proof of financial stability, Bidders (and in the case of a joint venture all partners) must submit audited financial statements or if not required by law in the party's country, other financial statements acceptable to the purchaser, for the past three (3) years to demonstrate, the current soundness of their financial position.

- For the Bidder (and in the case of a joint venture for each of the partners in a submission), nonperformance of a contract did not occur within the last (5) years prior to the tender submission, based on all information on fully settled disputes or litigation. A fully settled dispute or litigation is one that has been resolved in accordance with the dispute resolution mechanism under the respective contract, and where all appeal instances to the applicant have been exhausted. In addition, bidder shall not be under suspension based on execution of a Bid Securing Declaration.

- The bidder must submit Manufacturer Authorization Certificate, Manufacturing ISO Quality Certificate or the Equivalent.

4. Bidding will be conducted through international competitive procurement using Request for Bids (RFB) as specified in the World Bank’s Guidelines: Procurement under IBRD Loans and IDA Credits, edition January 2011 and the Bank Standard Bidding Document for Supply and Installation of Information Systems and is open to all eligible Bidders as defined in the Procurement Regulations.

5. Interested eligible Bidders may obtain further information from Ministry of Education, Procurement Service and Administration Directorate, MoE Head Office, Old Building, Room No. 107; and inspect the bidding documents at the address given
below from 8:30am to 12:30pm and 1:30pm to 5:30pm from Mondays to Thursdays, and on Fridays from 8:30am to 11:30am and 1:30pm to 5:30pm local time

6. The bidding document in English may be purchased by interested eligible Bidders upon the submission of a written application to the address below and upon payment of a nonrefundable fee of 500 Ethiopian Birr or in 26 USD.

The method of payment will be Cash or cashier's cheque payable to the MoE or direct deposit to MoE A/C No. 1000003784828. Those who want the bid document to be suit by a Courier’ Service shall pay an additional amount of ETB 1,000.00 or equivalent in a freely convertible currency for a courier service charge or send a pre-paid Courier Service Coupon.

7. Bids must be delivered to the address below on or before October 20, 2016 and Time 10:00am. Electronic Bidding will not be permitted. Late Bids will be rejected. Bids will be publicly opened in the presence of the Bidders’ designated representatives and anyone who chooses to attend at the address below at October 20, 2016 and time 10:30 am.

8. All Bids must be accompanied by a bid security of 200,000.00 USD or an equivalent amount in a freely convertible currency.
The Industrial parks Development Corporation invites bidders for the construction of kindergarten school at Bole-Lemi Resettlement site

1. The Federal Democratic Republic of Ethiopia (hereinafter called “Borrower”) has received financing from the International Development Association (IDA) (the Bank) in the form of a “credit” (hereinafter called “credit”) towards the cost of Competitiveness & Job Creation Project, and intends to apply part of the proceeds toward payments under the contract for Construction of Kindergarten School in support of the Implementation of Resettlement Action Plan (RAP) and Social Development Measures for Project Affected Peoples (PAPs) of Bole-Lemi & Kilinto Industrial Parks Development Projects.
2. The Industrial parks Development Corporation now invites sealed bids from eligible bidders for Construction of Kindergarten School at Bole-Lemi Resettlement Site.

3. Bidding will be conducted through the National Competitive Bidding procedures as specified in the World Bank’s Guidelines: Procurement of Goods, Works and Non-Consulting Services under IBRD Loans and IDA Credits & Grants by World Bank Borrowers dated April 2015 (“Procurement Guidelines”), and is open to all eligible bidders as defined in the Procurement Guidelines. In addition, please refer to paragraphs 1.6 and 1.7 setting forth the World Bank’s policy on conflict of interest.

4. The Bid is open to all contractors with Certificate of Registration from Ministry of Works and Urban Development with Category GC-7 or BC-6 renewed for 2008 EFY. and other appropriate documentary evidences demonstrating the bidder’s compliance, which shall include:

- Trading License renewed for 2008 EFY; and

- Tax Clearance Certificate, which states that the bidder can participate in any public tender, valid at bidding date and VAT Registration Certificate.

- Registration as Supplier in the list of the mandated public body, i.e. public Procurement and Property Agency (PPPAA) website, www.ppa.gov.et.

5. Interested eligible Bidders may obtain further information from Competitiveness and Job Creation Project Coordination Office, Yeka Sub-City, Comoros Street, opposite Kenya Embassy, Bishan Gari Building, 3rd Floor, Room No 307, Addis Ababa starting from 05 September 2016 during Working Days and Hours.

6. A complete set of Bidding Documents in English language may be purchased by interested eligible Bidders upon the submission of a written application to the address below upon payment of a nonrefundable fee of Birr 200 (Two Hundred Birr). The method of payment will be in Cash or in Certified Payment Order (CPO).
7. Bids must be delivered to the address below on or before 05 October 2016 at 10:00 A.M. Electronic bidding will not be permitted. Late bids will be rejected. Bids will be publicly opened in the presence of the bidders’ designated representatives and anyone who choose to attend at the address stipulated below on 10:30 A.M., 05 October 2016.

8. All bids must be accompanied by a Bid Security of ETB 150,000 (One Hundred Fifty Thousand Birr) from recognized and authorized Commercial Banks operating in Ethiopia.

The International Rescue Committee (IRC) would like to use part of the funds to secure competent consultant(s) to carry out hydro-geological investigation for potential drilling sites.

Tender Closing Date: Sep 23, 2016 10:30 AM
Tender Opening Date: Sep 23, 2016 11:00 AM
Document Price: Free
Tender Bond: Not mentioned
Sector/Product: Hydro-geological

Buyer: The International Rescue Committee,
TK International Building, 6th Floor,
P.O. Box 107, Code 1110
Addis Ababa, Ethiopia

Tender No.: IRCJ07/GC002/SERV/2016

Description:
The IRC is a non-Governmental humanitarian organization working world wide to serve refugees and communities victimized by oppression, natural disaster and violent conflicts. The IRC has been working in Ethiopia since 2000 and is currently working in all the eight regions. In Southern Nations and Nationalities Peoples Region (SNNPR), the IRC is implementing multi-sectoral interventions, including Water, Sanitation and Hygiene (WASH) for agro, agro-pastoral and pastoral communities in the region.

To further its WASH interventions in the SNNPR, the IRC through its Consortium
partner AECOM International Development Inc (the prime Agency), has received a three year grant from USAID, titled the USAID Lowland WASH Activity and would like to use part of the funds to secure competent consultant(s) to carry out hydro-geological investigation for potential drilling sites in SNNPR:
